* The apparent discrepancy in the amount of "Gross Estimated Rental" and "Rateable Value" is owing to the Great Northern Railway being assessed only to the "Rateable Value."

* The apparent difference between the Gross Rental and Rateable Value is owing to the amount for London and North Western Railway being included.

Amount of the Contribution out of the Poor Rate for the Parish [or] Township during the same Period to Highway Boards, Burial Boards, Commissioners of Baths and Wash-houses, and the Fire Brigade Rate.					Amount Levied during the same Period in the Parish [or] Township, for the County, Hundred, Borough, and Police Rate, if Collected as separate Rates and not Paid out of the Poor Rate, also for the Highway and Church Rates, distinguishing Church Rates at Common Law from those under Acts of Parliament, and also for the Lighting and Watching of the Parish [or] Township, under 3 & 4 Will. 4, c. 90.									Number of Paid Collectors separately Employed in Collecting the above-mentioned Rates Levied in the Parish [or] Township, with the Amount or Estimated Amount of the Annual Remuneration, whether by Poundage or Salary, of such Officers.

M E M O R A N D U M.

THIS Supplement completes the Return, No. 497, Session 1867-8, with respect to the Local Taxation of England and Wales, by supplying the rate in the £. of the aggregate of the Local Rates in each Parish on the Rateable Value. It also gives the population of each Parish, according to the Census of 1861.

Since the publication of that Return, some further information has been obtained, showing the amount of the General District Rates, and also of the Sewers and Drainage and Embankment Rates in certain localities from which no Returns had previously been received.

The total of the Local Taxation on *assessable areas* for the year ended Lady-day 1868 must be corrected by the addition of the rates in question.

Total Amount of Local Taxation for 1868, as shown by Return, No. 497	£.	16,660,459
--	----	------------

Amount of Rates not included in that Return; viz. :—

Rates under Public Health Acts, pp. 286, 287	- - - - -	60,443
Rates levied by Commissioners of Sewers, and Drainage and Embankment Rates, pp. 290, 291	- - - - -	13,261
TOTAL - - -		£. 16,734,163

The total amount levied under the title of Poor Rate is £.11,061,502; but this sum, as stated in the Return, p. iii, includes the contributions paid out of the Poor Rate for various other purposes, which must be deducted, in order to ascertain the amount required for the relief of the poor; thus :—

Total Amount levied for Poor Rate	- - - - -	£.	11,061,502*
Deduct contributions for—			
1. County, Hundred, Borough, and Police Rate	- -	£.	2,453,120
2. Highway Boards	- - - - -		621,436
3. Burial Boards	- - - - -	£. 108,725	
4. Commissioners of Baths and Washhouses	- 11,398		
5. Fire Brigade	- - - - -	31,953	
		152,076	
			3,226,632
		£.	7,834,870

The actual *expenditure* for the relief to the poor only was £.7,498,059; the additional amount levied was required for vaccination and registration fees, payments under the Parochial Assessment and Union Assessment Committee Acts, salaries of collectors, &c.

* The amount of the Poor Rate levied in 1868 as shown in the annual Poor Rate Returns furnished by the Clerks of the Guardians (*see* Return 344—(D.), 1868) is £.11,054,513, being £.6,989 less than the sum entered in this Return, the particulars of which were obtained from the overseers of each separate parish.

Poor Law Board,
31 July 1869.

* This sum includes 981,140 *l.* for General and Lighting Rates levied by Vestries and District Boards under the Metropolis Local Management Acts.

NOTE on the Local Taxation Returns for 1867, presented in pursuance of the
23 & 24 Vict. c. 51.

The Local Taxation Returns Act (23 & 24 Vict. c. 51) requires that certain Returns in connection with Local Taxation should be made annually to the Secretary of State, and by reference to the Return (No. 436 of 1868, p. vi) for the year 1867 (the latest Return presented), it will be observed that the amount of Local Taxation for that year is stated to be 18,766,442 *l.*

The items of which that total consist are the following:—

(1.) From Returns made pursuant to the Act:

	£.	£.
Church Rates - - - - -	232,476	
Sewers Rate - - - - -	42,871	
City of London Commissioners of Sewers - -	40,074	
Drainage and Embankment - - - - -	176,138	
Lighting, &c. (2 & 3 Will. 4, c. 90) - -	40,888	
Improvement Commissioners - - - - -	679,683	
Metropolis Local Management - - - - -	1,112,913	
Ditto - - for Main Drainage - - -	192,279	
Markets and Fairs - - - - -	26,282	
Bridges and Ferries - - - - -	110,835	
Harbours - - - - -	1,259,990	
Burial Boards - - - - -	—	
Local Boards - - - - -	823,611†	
		4,738,040
Carried forward - - - £.		4,738,040

† Including District Fund Account.

	£.
Brought forward - - -	4,738,040
(2.) From Returns made to Parliament under other Acts:	
	£.
Poor Rate (including <i>County and Police Rates</i>), 1867 - - - - -	10,303,665
City of London 1867* - - - - -	497,722
Borough Rates, 1867 - - - - -	996,907
Highway Rates, 1866 - - - - -	646,746
Turnpike Tolls, 1866 - - - - -	970,925
Pilotage and Light Dues - - - - -	612,437
	14,028,402
	£. 18,766,442
In order to institute a comparison between this Return and the one now made, the following items, not included in the present Return, No. 497, must be deducted from this total:	
	£.
Markets and Fairs - - - - -	26,282
Bridges and Ferries - - - - -	110,835
Harbours - - - - -	1,259,990
Turnpike Tolls - - - - -	970,925
Pilotage and Light Dues - - - - -	612,437
	2,980,469
	£. 15,785,973

A further deduction must, however, be made from this total.

The item "Poor Rate" is described as "including County and Police Rate;" but it should have been described as including contributions to the *Hundred and Borough Rate*, and to *Highway Boards* also.

In 1867 the contributions from the Poor Rate to the County, Hundred, Borough, and Police Rates were 2,511,510 *l.*, and to Highway Boards 595,698 *l.*

The Local Taxation Returns under the Statute do not distinguish the contributions to the Borough Rate separately. The item of 996,907 *l.* for Borough Rate contained in the Return for 1867 is made up, as explained in a note, of 543,432 *l.* for the Borough Rate proper, and 453,475 *l.* for certain other Rates levied by Town Councils. But the sum of 543,432 *l.* for the Borough Rate proper, includes not only the amount levied as the Borough Rate separately, but also the contributions for the Borough Rate paid from the Poor Rate, so that the amount of these contributions is erroneously entered twice under different heads.

The amount of the Borough Rate levied separately in 1868 was, as already stated, 139,137 *l.*, and estimating the amount levied in 1867 at 135,000 *l.*, the sum to be deducted in respect of the Borough Rate from the amount entered under the head of "Poor Rate" is thus shown:—

	£.
Borough Rate, 1867 - - - - -	543,432
Deduct amount levied separately (estimated) - - - - -	135,000
Amount of Contribution to Borough Rate erroneously entered twice - - - - -	£. 408,432

A deduction must also be made from the item "City of London" (497,722 *l.*), which includes 197,000 *l.* for Coal and Wine Duties, in addition to Police, Ward, and Sewer Rates.

The item of 679,683 *l.*, under the title "Improvement Commissioners" in the Return for 1867, includes *Taxes, Tolls, and Dues*, as appears by the heading of the Return, whereas the

* Coal and Wine Duties, Police Rate, Ward Rates, and Sewers Rate (Consolidated Rate Account.)

the sum of 445,431 *l.* under the same title in the present Return is for *Rates* only. It would appear, therefore, that a further deduction representing the difference between these two sums is necessary.

	£.
Improvement Commissioners, 1867 - - - - -	679,683
Improvement Commissioners, 1868 - - - - -	445,431
Taxes, Tolls, and Dues, included in the Return for 1867 - £.	234,252
The further Deductions will be arrived at thus :	
Amount of Local Taxation, 1867, as shown on preceding page - -	15,785,973
Deductions :	£.
(a) Contributions to Borough Rate entered twice - -	408,432
(b) Coal and Wine Duties - - - - -	197,000
(c) Taxes, Tolls, and Dues, levied by Improvement Commissioners - - - - -	234,252
	839,684
CORRECTED TOTAL for 1867 - - - £.	14,946,289

The amount, therefore, of the Local Taxation, as appears by the foregoing Statement, is:—

	£.
For 1868 - - - - -	16,734,163
„ 1867 - - - - -	14,946,289
Excess of 1868 over 1867 - - - £.	1,787,874

Of this excess 757,837 *l.** is due to the increased levy as Poor Rate in 1868.

The remainder may be accounted for by the fuller and more accurate particulars of the General District Rates, and the Sewer, Drainage, and Embankment Rates, obtained for the Return for 1868, in consequence of a special application having been made to the Local Authority in every case for the requisite information.

	£.
In the Return for 1868, the General District Rates amount to - -	1,736,247
In the Return for 1867, the General District Rates, including Special District Rates, &c., amount to - - - - -	823,611
Excess of 1868 over 1867 - - - £.	912,636

These two items, showing the excess in the Poor Rate and the General District Rate, go far towards accounting for the difference of 1,787,874 *l.* between the Returns of 1867 and 1868.

	£.
Excess of Poor Rate, 1868 - - - - -	757,837
„ General District Rate, 1868 - - - - -	912,636
£.	1,670,473

* This sum of 757,837 *l.* represents the difference in the amount of Poor Rate *levied*. The actual increase in the *expenditure* for the relief of the Poor was 538,219 *l.* The increased levy in 1868 is partly attributable to the fact that the total receipts in 1867 were 212,985 *l.* less than the expenditure in that year.
